I wanted to bring this up because it was brought up quite a bit in the last thread, but it's new and it has no bounty and so I'm afraid it'll be overlooked. Besides the sheets presented here, I have sheets for D&D 4e, d20 Modern/Future/Past/Urban Arcana, Dragonstar (3.5, 4e, 5e), D&D Eberron (3.5), HERO System, Mummy 2nd Edition (WoD), Mutants & Masterminds (1e), Pathfinder (Iron Gods), Rogue Trader, Shadowrun (2e), Sorcerer Revised (WoD), Spellslinger (d20), Star Trek (Last Unicorn), Star Wars (D6, d20), TORG (1e), True20 (fantasy), Bygones (WoD), Mage the Ascension (WoD - 3e/Revised), Vampire The Dark Ages (WoD), Vampire the Masquerade (WoD - 3e/Revised), and Werewolf the Apocalypse (WoD - Bastet, Ratkin, Nuisha). I have, however, pretty much made a sheet for every game I've ever played. I am looking to see if anyone can make a Cybergeneration character sheet. Roll20 have currently over 800 character sheets available, of which most are created by the community. I'm also not including really old sheets like AD&D and RIFTs, which were among the first sheets I ever tried to create and are horribly primitive by my current standards.What about D&D 5th Edition or Torq Eternity? I am currently working on a commercial version of my D&D 5th Edition sheet, which will be sold through the DMSGuild, 2021 ABEA(a bandeira do elefante e da ararra) Or for free on their website here: /a> Oct. Or just print them and fill them out on paper. 2021 Requests, grouped by System 2d20 System/Modiphius | info Achtung! Cthulhu request Oct. If you would like to get one of these sheets, CONTACT ME, and I'll send you a link.This list is really specific. Roll20 has its own roll-up per character through the game compendium, so character generation will be impossible for my game system unless I am able to place my code (generation of a character through my roll-up table* I used Basic to build it, my cousin Kevin redesigned everything to be in Bubble Basic) on your website. If a request is finished, please PM me so I can remove it.
